SCHOOLS IN PORT ELIZABETH	8

WELCOME to the first edition of **TNPA's HQ Relocation Update**, designed to keep you in the know regarding the rationale, timelines, principles and processes involved in the project to relocate TNPA's head office to the Port of Ngqura, some 20 kilometres from Port Elizabeth.

It also provides answers to frequently asked questions including common themes from questions raised during the three management information sessions (two at head office and one at Kingsmead) which took place in December 2020. The purpose of these sessions was to provide more information about the project following the announcement made during a Live Employee Broadcast on 4 November 2020 and labour consultation that took place on 23 November 2020.

We have included a map of the Nelson Mandela Bay area from which you will be able to see the location of the two ports, the airport and the various suburbs in and around Port Elizabeth to help you familiarise yourself and your family with the area and the facilities it offers.

You will also find useful contact information for those looking for schools for their children.

Our intention is to use this publication to share information with employees as the various workstreams make progress, to facilitate a smooth transition from the Parktown and Kingsmead offices to our new home in the Eastern Cape.

TRANSNET'S RATIONALE

Transnet's strategy is to:

- Create a national spread of Head Office locations;
- Strengthen geographic ties to and with coastal regions; and
- Encourage Local Economic Development.

The Port of Ngqura is South Africa's newest port and the deepest container port in the country.

Transnet's Business Activities in the Nelson Mandela Bay Metro include:

- Manganese exports;
- Container imports and exports;
- Automotive exports;
- Hosting of South Africa's Gas Hub, and
- The potential operation of tank farms.

▲ Port of Ngqura

▲ eMendi admin building

Transnet plans to consolidate both the Parktown and Kingsmead Head Offices at the Port of Ngqura in Nelson Mandela Bay in the newly built R255m eMendi building - a modern building that is fully compliant with sustainability principles. Occupying our own buildings is part of our cost containment strategy and the building is being recapacitated to accommodate us.

The new location of TNPA would reflect Transnet's character as a National SOE; adherence to the Batho Pele (People First) ethos and diversification of its geographic footprint.

INTENTION

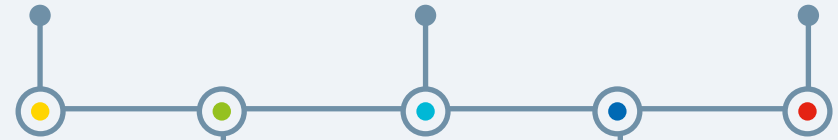

Cost containing

Availability to customers

Improved Transnet presence in the EC

High end building facilities

Collaboration between stakeholders

PROJECT TIMELINES

The deadline for the move to the Port of Ngqura is 31 March 2021 for both the Parktown and Kingsmead offices.

A staggered approach will be implemented to 31 March 2021.

"Early Mover" requests can be accommodated via the Project Team Lead.

PRINCIPLES

Who is impacted

- All Head Office resources based in Parktown and Kingsmead
- Head Office colleagues who work from port cities as a result of special arrangements, not necessarily serving a specific port

Who is not impacted

- Head Office colleagues servicing regions or ports will remain in the port cities.

RELOCATION PROCESSES

Headcount Analysis and Process

This process will identify the affected employees per department, namely:

- Those employees who represent a National resource support based in Parktown and Kingsmead and who are not impacted by any other scenario, who will be relocating to Ngqura;
- Those who are a National resource currently based in the ports or servicing a region, who will remain in those ports; and
- Those who are a national resource, but who have a special arrangement to be based in a different port city (Cape Town, Richards Bay, East London, Saldanha, Mossel Bay). These employees are impacted and will be expected to relocate to Ngqura or where the business requires them to be.

On completion of this exercise, each employee will be informed by letter that they are affected and will be relocating to Ngqura.

Through this process, the HR Stream will determine:

- employees' ability to relocate;
- reasons given for employees who are not able to move; and
- a plan on how to proceed with those unable to relocate.

RELOCATION POLICY

POLICY ENTITLEMENT

Relocation Allowance of 2 x months package

Removal of Furniture and Household Effects

3 months Storage and Insurance

2 Flights for Employee and Spouse to seek accommodation and

2 Nights' Accommodation with Car Rental

3 months Accommodation per employee - type of accommodation needed

Travel to PE from JHB/ DBN or other area

Overnight Accommodation en- route

FREQUENTLY

ASKED

QUESTIONS

FAQ: PRINCIPLES

Q. Is every Head Office resource expected to relocate?

A. Yes, all Head Office resources who service the business nationally will be directly impacted by the relocation. However, Head Office colleagues who are currently servicing a specific port or region will be accommodated at the specific ports or regions.

Q. What are the principles determining which resources must relocate to Port Elizabeth vs to regional structures?

A. Where a Head Office employee provides a service to the whole of TNPA, the employee will be required to relocate to the Port of Ngqura, unless the location of equipment is elsewhere, and/or such equipment is shared by other OD's (e.g. IT equipment in Durban shared with TPT and TPL).

Q. Are Head Office employees who have been given permission to live in port cities required to relocate to PE?

A. Yes, if such employees provide a national service.

Q. If I am able to work remotely (from home) will I be exempted from the relocation? If so, what is the process and what facts will be considered?

A. Employees who are able to work remotely will still be required to relocate to the Port of Ngqura.

Q. If I have a child with special needs who is under specialist care in Johannesburg or Durban, will Transnet pay for transportation and accommodation to and from the doctor's visits or hospitalisation if I relocate?

A. It is recommended that referrals to Port Elizabeth-based specialists be arranged to avoid travel costs for the employee.

Q. If I relocate to Port Elizabeth and I am 60 years old, will Transnet pay for my relocation back to Johannesburg or Durban when I retire?

A. The retiring employee will be responsible for relocating back to Johannesburg or Durban at retirement.

FAQ: PRINCIPLES cont./

Q. If I am willing to relocate, will Transnet be prepared to offer employment to my spouse, who is currently working in Johannesburg or Durban?

A. Spouses are welcome to apply for vacancies when advertised externally.

Q. How and when will I know if I am expected to relocate to Port Elizabeth or one of the regions?

A. Your line manager will engage you and thereafter you will receive a letter, to which you will be expected to respond.

Q. If I am expected to relocate to Port Elizabeth or one of the regions, how do I register my decision about the relocation?

A. You will be requested to respond in writing to the letter you will receive from your line manager.

Q. What options are available for employees who cannot relocate from Johannesburg and Durban due to personal reasons?

A. TNPA will make every effort to try and place such employees in alternative positions at their current place of residence.

Q. What financial support will be offered to employees to assist with the relocation?

A. The Transnet Relocation Policy will be effected to provide the necessary support, which includes:

- Two nights' accommodation, travel and car hire for the employee and partner to visit

Port Elizabeth for the purposes of looking for accommodation, schools etc.

- Up to three months accommodation whilst the employee tries to secure permanent accommodation in Port Elizabeth. This is a taxable benefit.
- Two months' relocation allowance
- Furniture removal, in-transit insurance and limited storage of furniture and household effects.

FAQ: PROCESSES

Q. I have never been to Port Elizabeth or regional cities. To help me make an informed decision, can TNPA pay for my family's travel and accommodation costs to scout the city? If so, what process must I follow?

A. The Transnet Relocation Policy allows for two flights and two nights' accommodation for an employee plus one companion to see accommodation at the new location. Once you have accepted your relocation letter, you can make your travel arrangements through the contracted travel agency.

Q. If I am willing to relocate, will TNPA pay for my vehicle removal?

A. No, vehicles are not considered furniture and household effects.

Q. If I am willing to relocate how will I be compensated for losses I will suffer as a result of having to sell residential property in such economic times?

A. The relocation policy allows for a relocation allowance of two month's salary.

Q. If I am willing to relocate, will TNPA pay for my family's accommodation for the first few months until I can secure permanent accommodation?

A. No, the relocation policy allows for accommodation of the EMPLOYEE ONLY in instances where the employee has not been able to find accommodation timeously for a period of up to three months. The value of such accommodation is a taxable benefit and the employee will pay tax on the value of the accommodation.

Q. What type of accommodation will be considered in this case?

A. Hotel, Guest House, B&B or furnished apartments.

Q. How many meals will TNPA pay for during this period?

A. Breakfast and Dinner.

Q. What is the process?

A. The impacted employee must make arrangements via his line manager and the travel management company.

Q. What emotional support will be offered to direct family members who are impacted by the relocation?

A. The Transnet Employee Assistance Programme offers support to employees and family members residing in the same home.

ADDRESSING YOUR CONCERNS

Common themes in terms of concerns and matters raised in the management information sharing sessions are as follows:

- Review the timelines
- Consider allowing work from home
- Consider a special dispensation outside of the relocation policy
- Prioritise the issuing of relocation letters
- Prioritise the Impact Assessment and Readiness Assessment
- Assist with finding schools, especially for early movers
- Prioritise the dissemination of information on the relocation and on PE
- Concern about Covid-19 and the capacity of eMendi Building that may result in overcrowding.

A full report including all the questions that were raised and the answers provided at the management information sessions has been compiled. It includes recommendations based on your concerns. The report will be submitted to the Relocation Steerco for discussion with the Transnet Group Exco where applicable.

At this stage we are being guided by the Transnet HQ Relocation Policy and can only confirm what we know, without raising your expectations. The deadline of 31 March 2021 applies.

Please respond promptly to the letter you will receive in early January 2021 and follow the process to prepare for your relocation.

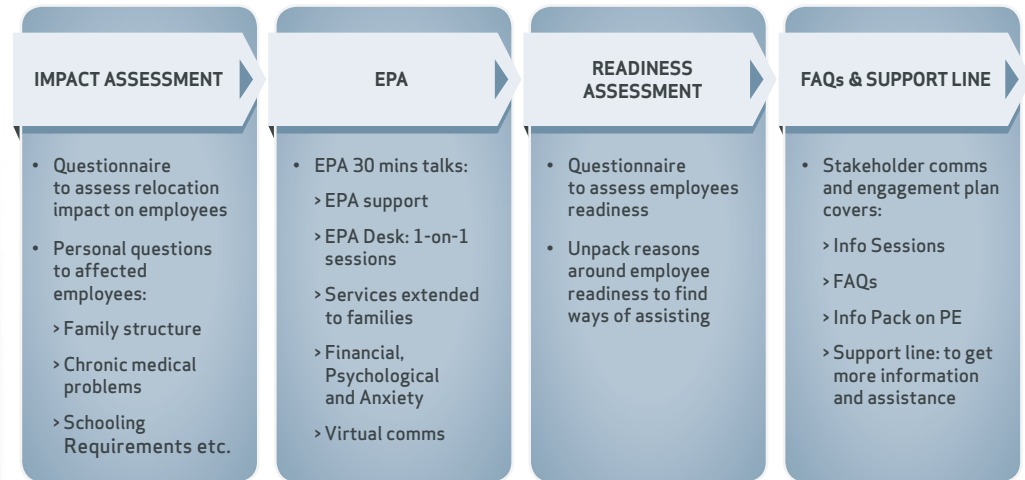

We urge you to assist us by completing the impact assessment and readiness assessment questionnaires, which have been designed to provide us with accurate information regarding your needs so we are able to provide relevant support.

Please also make use of our Employee Assistance Programme (EAP), attend future employee engagement sessions and watch out for future issues of this Update.

We are in this together!

WHAT IS THE WAY FORWARD?

The following employee interventions are being implemented:

Planned information sharing sessions include:

- **Preparing for the move**
- **Day 1 at the Port of Ngqura**
- **Post-move**

Contact details for follow-up questions are:

- **Project Lead – Nokuzola Nkowane**
- **EAP Support – Zikhona Ramncwana**
- **Relocation Email: HQRELOCATION@transnet.net**
